INTRO: Hello, this is (NAME) from EPIC-MRA, a survey research firm located in Lansing. We're conducting a random statewide survey of voters in Michigan about important national, state and local issues. This is **NOT** a sales call, you will not be asked for a donation and you will not be called again because you participated in this survey. This is strictly survey research and I'd like to take about 10 minutes to include the opinions of your household.

We need to have a balance of men and women in this survey, and we also need to have young voters represented. May I please speak to the youngest [MALE/FEMALE, depending on specified quota] registered voter, age 18 or older, who is home now?

IF YES: REPEAT INTRO FOR NEW RESPONDENT AND CONTINUE

IF NO, ASK: "Is there any other [MALE/FEMALE, as specified] registered voter, 18 years or older, who is at home right now?" IF NOT, THANK AND TERMINATE
