# Welcome to the LPTL Pokemon League

Pokémon Card Battle is our monthly meet-up for kids ages 6-12. Ever since its release in 1996, Pokémon has been one of, if not the top-selling franchise of all time. You can find them everywhere from toys and video games to anime and trading cards.

Pokémon trading cards are not only fun to collect and trade, but you can also play and do battle with them, just like in the video game. Whether you're a seasoned player, a beginner, or a parent who doesn't know what a Jigglypuff is, this pamphlet features a ton of resources to get you started.

This is a Jigglypuff, by the way. It can sing you to sleep.
