

## A Is For Ag In The STEAM Equation

Learn how Ag can be applied within STEAM programming.

**Focus:** Family

STEAM represents Science, Technology, Engineering, Art, and Math but there is also an argument for incorporating Agriculture into the equation. Agriculture can be the A in STEAM offering a myriad of ideas, projects, and opportunities to learn. We can also use agriculture to bring the other subjects to life with practical applications.

**At the end of this session, attendees will...**

- Understand the STEAM equation with Agriculture incorporated across all topics
- Have an enthusiastic interest in sharing agricultural DIY projects for all ages encouraging multi-generational participation
- Share several resources to help library staff incorporate Ag themed ideas into their programming

**Speaker(s):**

**Julia Baratta**, Branch District Library

*Julia Baratta has worked in the library field for over 16 years in various capacities. She has a passion for children's literature and enjoys sharing books that connect children with her many interests including agriculture, needlework, and food.*
